New This Week

Northern Stage Work Experience 2024

We're pleased to announce that applications are now open for Work Experience 2024 at Northern Stage! Please find attached a flyer and I have included some more information below. It would be great if you could please share the opportunity with any students you have who might be interested.

About Northern Stage's Work Experience

The dates for 2024 work experience are 8-12 July or 15-19 July. Students would be with us for one week from Monday-Friday, 10am-4pm.

Our Work Experience is for anyone aged 14-18 looking to gain an insight into the backstage roles in a theatre. It is one intensive week, with a focus on technical and production. Participants will be introduced to light, sound, special effects, and stage management. They will get the chance to try out different backstage roles in our professional theatre space and will work together to design and produce their own technical installation, which is showcased at the end of the week.

Students don't need to be studying drama, performing arts, or even have visited a theatre before to take part. The week is mostly practical learning and they'll be really hands on with all the equipment, with a chance to try a bit of everything. There's a short video on [this webpage](#) which gives you a great idea of how the week is structured and what your students will experience.

How students can apply

The application form can be found on our [website here](#) and applications will be open until 16th February 2024. Alternatively, people can apply by sending a short video if they prefer. If we're very over-subscribed, we will invite people to a short, informal interview by phone or Zoom in the week of 4th March. We will let everyone know if they've been successful or not by the end of March at the latest.

British Engines Apprenticeships now open

Take the first step towards building your engineering career while gaining hands-on experience and getting paid as you learn.

From manufacturing to design, our North East based engineering apprenticeship covers a range of disciplines, providing endless experiences and

opportunities. Our friendly and experienced teams will support you from day one by guiding you through the programme.

The British Engines Apprenticeship+ Scheme is different to other engineering apprenticeships. We're passionate about supporting the next generation of engineering talent, that's why we offer a range of extra experiences to help you develop and learn.

As part of your apprenticeship, you'll learn extra skills, such as offshore survival, and take part in exciting experiences, like working with our off-site teams on a naval submarine. You may also get to complete further qualifications, such as a degree, a HNC or HND in Mechanical Engineering, opening even more career options for your future!

Choose from six different routes. Click on the link and then go to the job role tabs at the top and click to apply [Mechanical Engineering Apprenticeships - British Engines](#)

Teesside Trainee Scientist Apprenticeship

As we begin our recruitment process for the **September 2024** intake at Johnson Matthey (JM).

This year we will be offering 2+ places on this **Level 6 Degree Apprenticeship** with fully funded study at university and a competitive salary. This is a fantastic opportunity for Year 13 students studying A-Level Chemistry or equivalent.

In this apprenticeship trainees would be employed by Johnson Matthey, a global leader in sustainable technologies and experts in Science and Technology for over 200 years – see our website for more information about what we do. Trainees will work with industry experts gaining valuable experience in addition to studying towards a BSc in Chemical Science at Manchester Metropolitan University. The degree incorporates a significant proportion of core chemistry modules as well as featuring modules focussed on topics such as chemistry in industry and green chemistry. I can speak from experience when I say that the JM Teesside Trainee Scientist Scheme is a great opportunity. I joined JM on a previous version of this scheme and now have the privilege of supporting it today.

The **application portal for places on the apprenticeship has also just been made live**, linked [here](#) or find via the JM careers page. This will remain open until **26th January 2024**. We welcome all questions on the scheme and can take requests to facilitate talks with individual Colleges/6th Forms, just get in touch with us at traineescientists@matthey.com.

Durham University – Year 12

We're excited to let you know that applications for the Sutton Trust Summer School programme have now opened!

Our Sutton Trust Summer School is a programme for Year 12 UK state-school-educated students who have the potential to study with us. Students can experience a subject they're interested in

studying at university, experiencing what it's like to be an undergraduate here at Durham.

Applications are open until 12.00pm (GMT) on Thursday 7 March 2024. Applications are made through the Sutton Trust's online application form. You can find out much more information and check out the entry requirements on the Sutton Trust website linked below.

**New
College
Durham**

**NEWCASTLE
UNITED
FOUNDATION**

New College Durham - February Football Training Camp

Our Football Development Centre is hosting a February half term training

camp for year 11 students. Meet the coaches and get further information about our FDC.

Don't miss the chance to train with Newcastle United Foundation coaches. Do you want to improve your football technique and make new mates? We hope to see you on the pitch for our upcoming training camp.

Wednesday 21st February Consett AFC 11am-1pm

There will be a **free bus** running from New College Durham. **Pick up is 10am and drop off will be approximately 1.30pm.**

You must sign up to register your attendance and to book your place on the bus! Training camp sign up link [Camp Sign Up \(newcollegedurham.ac.uk\)](#)

For further Information please follow our Football Development Centre Instagram page @ncdfootball.

GSK

Ahead together
for global impact

GSK Apprenticeships 2024

Our 2024 apprenticeship application window is **still open** but if you have students who are interested, I encourage them to start an application quickly as the most popular roles will close very soon.

The opportunities are fantastic advanced and degree apprenticeships, and these include.

Engineering Technician

Manufacturing Technician

Supply Chain & Business

Laboratory Science (Chemistry)

Laboratory Science (Biology)

Packaging Technologist

Full details and link to apply can be found [here](#).

The apprentices at Barnard Castle have been holding a series of webinars and activities to support the recruitment and I attach a list of the remaining events. They give a great insight into their experience. **We have made some changes to our recruiting process this year.** To support inclusion, we have lowered the grade for GCSE English

language across all of our programmes to a 4. We have also reduced the online process for those applying for our advanced manufacturing and engineering programmes.

GSK Barnard Castle Work Experience

Our own work experience week is pencilled in for **w/c July 15** and is suitable for year 11-13 applicants only. It is a fantastic opportunity to spend time on a key GSK manufacturing site. The week is an interactive programme of tours and activities and a great way to find out about GSK what we do, how we do it and the career pathways available. At the end of the week our students will receive a Silver Industrial Cadet Award which will look fabulous on any CV. Spaces are competitive and are limited to x25 places. *Application forms will be available after the Easter break.*

That's all for this week but come back next week for more opportunities to enrich your CV or personal statement.

Events that are still active are here.

Solicitor Degree Apprenticeships – Yr13

[Causeway Education](#) are working with law firm [Wedlake Bell](#) to host an application masterclass for Y13 students interested in applying to solicitor degree apprenticeships. This information will be useful for students considering applying to any firms, although there will be colleagues from Wedlake Bell able to answer questions specific to their application process.

The webinar will show students the steps in an apprenticeship application, the reason why certain methods are used e.g. assessment centres and tips and tricks to prepare for this process. We will look at key themes such as showing an understanding of a firm, the apprenticeship route, and developing commercial awareness.

The webinar will take place on **Tuesday 30th January 4.30-6pm**. Students can sign up for the webinar here: <https://forms.office.com/e/GxQGpPZ8eE>. Please share this with any Y13 students who would be interested.

SpringPod Free Work Experience and Subject Spotlights – Yr10-13

1. Free Work Experience Programmes

Students can apply for our upcoming February programmes and many of our On-Demand programmes.

We have many great programmes with industry-leading employers such as:

- [JLR: Drive Your Future](#)
- [Vodafone Innovators](#)
- [Siemens Energy](#)
- [The World of The British Library](#)
- [Routes into Rail](#)
- [Hospitality Virtual Work Experience with Pret](#)
- [Aerospace Work Experience](#)
- [Early Careers with Wagamama](#)
- [Business & Professional Careers](#)
- [Construction with Inspiring Worcestershire](#)

You can view all of our programmes [here](#).

As always, **each programme is free**, involves around 10 hours of commitment, and rewards students with a certificate for CV's and Personal Statements upon completion.

2. University Experience (Subject Spotlights)

If you're not aware of our Subject Spotlights - they're mini lecture series delivered by top academic professors on a certain topic designed to give your students a chance to experience realistic university-style learning before they apply for courses.

It forms another stage of their exploratory journey with Springpod in an engaging, episodic Netflix-style format. This makes them ideal for exploring during school holidays!

We have some great Spotlight's available for students to explore, in a complete range of subject areas:

- [Law with the University of Sunderland](#)
- [Computer Science with Anglia Ruskin University](#)
- [Psychology with the University of Bradford](#)
- [Medicine with the University of Sunderland](#)
- [Sports Science with Anglia Ruskin University](#)
- [Criminology with Canterbury Christ Church University](#)

[You can access all our Spotlights here.](#)

Seta Apprenticeships 2024

We are delighted to announce that our application forms for our 2024 intake are now open.

Here is the link below which takes you to the application page.

<https://seta.co.uk/apprentice/ApprenticeApplicationForm/>

NCD apprenticeship vacancies – Yr11 and parents of recently left students

These are some of the current apprenticeships available at New College Durham. Whilst you cannot apply for these it is worthwhile looking at them to see what may be available for you next year.

Check out our latest apprenticeship vacancies below - please share the amazing opportunities at NCD with your students so they can discover how they can get a head start in a wide range of sectors with practical experience with a real employer.

Apprentices also earn while they learn and gain a nationally recognised qualification.

Feel free to get in touch with our Apprenticeships team if you have any questions.

KPMG Apprenticeships

Our 2024 Apprenticeship programmes are now open for applications!

Whether you're in your final year of school or college, or looking for a new career opportunity, join us in **Audit, Consulting, KPMG Business Services, Technology or Tax** and uncover a world of career opportunities at KPMG.

With apprenticeships available nationwide, you'll be empowered to make a positive difference to people, businesses and communities.

You'll receive training, qualifications – including degrees - and work experience that will give you the opportunity to grow and develop all while earning a salary. Our inclusive KPMG community will support you to be at your best, as you experience a rewarding career - with a competitive salary and a broad range of employee benefits too.

Bring your curiosity and unique perspectives to our KPMG community and we'll give you the support to grow, thrive and make your mark.

Roles will fill quickly, so apply early to secure your 2024 position.

Coming soon: 2024 Technology apprenticeship programmes.

[Apply Here!](#)

Green Careers

November 2023 was Green Careers Week, providing students with an insight into careers that specifically protect the environment and will help the UK achieve its pledge of reaching Net Zero by 2050. Young people want to be involved in finding solutions to our environmental challenges, so it's vital that we provide opportunities to show them how they can play an active role within the world of work.

Knowing how they can find careers that play a significant part in improving our environmental credentials should contribute towards restoring their confidence in a positive and sustainable future.

[We've got a fantastic free guide for parents giving plenty of talking points about routes to green careers after GCSE or sixth form - click here to download.](#)

PlanBEE Higher Level Apprenticeship In Design, Construction and Management

For any students who are interested in engineering, architecture, design or other construction careers?

Then the PlanBEE Higher Level Apprenticeship in Design, Construction and Management could be just for you.

It offers you a paid alternative to university, studying for an industry recognised qualification, underpinned by a HNC/D and provides a pathway to future career development. Plus, you will also be working for some of the region's leading companies including Ryder, Cundall, Bowmer and Kirkland and Sir Robert McAlpine.

With a starting salary of circa £21k+ per year, you will also benefit from a pension plan and a generous holiday entitlement.

Throughout the apprenticeship, you will be taught multiple disciplines within the sector including architecture, building engineering and construction/site management all with a strong emphasis on digital skills

You will need to have already completed GCSE (Level 2) and A Level (or equivalent Level 3) study and be eligible to apply for university level study in the UK. They'll also need:

- 3 A Levels at grade C and above
- A BTEC Extended Diploma (averaging merits / distinctions)
- The equivalent of 96 UCAS points plus GCSE Maths, Science and English at grade 4 (C) or above.

Alternatively they can find out more by visiting our PlanBEE website [here](#).

The Parent Perspective Podcasts

“The Parent Perspective” is an exciting podcast series for parents and carers, helping them to support their children with careers advice and guidance. Series 3 is bigger and better than ever, led by our brilliant new host, Rachel Burden!

Together, with Not Going to Uni, we want to make sure that we are supporting parents to feel informed and confident in providing careers support and guidance to their child, so that they ultimately make the best decisions for them.

Through the podcast Rachel and guests offer a fun and informative space for listeners to:

- Explore which careers are available today
- Showcase the experiences of interesting and diverse role models

- Provide real-time insights into how the world of work is changing

Each episode Rachel speaks to a diverse mix of parents, bringing their burning questions to expert speakers from the careers world. Together they uncover practical solutions and informative answers, to help you and your child make informed decisions on those all-important next steps.

Higher & Degree Apprenticeships Vacancy Listing

The October 2023 edition of the Higher & Degree vacancy listing has now launched!

Explore 250+ Higher and Degree apprenticeship vacancies from 50+ employers, including Amazon, British Airways, Rolls Royce, HSBC, Morrisons and many more!

[Higher & Degree Listing - Amazing Apprenticeships](#)

A special TV programme for Year 13 sixth-form students on the graduate job market & degree apprenticeships that was broadcast live at 2pm on Thursday 5th October 2023.

Broadcast live from a TV-studio in central London, **Graduate Careers Live!** provides the latest information, advice and guidance for Year 13 students and their parents on how to make the most of university – or one of the increasing number of degree apprenticeships – in order to prepare for a successful graduate career in the future.

Highlights from the 90-minute programme include:

- a [guide to the universities and degree courses](#) that are most-likely to lead to a well-paid job after graduation
- an [interview with Zoe Thomas](#), author of *The Times & Sunday Times Good University Guide*
- an assessment of the outlook for today's university-leavers and the [latest graduate job market](#)
- an in-depth [introduction to degree apprenticeships](#)
- specially-commissioned films about [graduate careers in law](#) and [engineering degree apprenticeships](#)
- a [countdown of The Times Top 100 Graduate Employers](#) and an [interview with the number 1 employer](#)
- a [guide to student finance](#) and how to pay for university
- an [interview with Sian Griffiths](#), education editor at *The Sunday Times*

- expert advice on [how to decide what to do after sixth form](#)
- [useful tips and guidance](#) from current university students

The programme was presented by **Martin Birchall** editor of *The Times Top 100 Graduate Employers* and **Levi Jouavel**, journalist & presenter on BBC Three and a former BBC apprentice.

Careermag – for parents, carers and guardians

The next few years of your child’s education are such important ones, not just because of their academic achievements and the knowledge they will learn but also because of who they will become. In this time, they are going to be forming into adults, working out what they want and don’t want and what their future may look like.

In a changing world, the possibilities also change. The options available to them include vocational pathways as well as A levels and GCSEs, they include graduate schemes, apprenticeships, internships as well as degrees.

The possibilities are endless which is way this magazine is such an important publication to guide you through. If you want to find a map to plan the route ahead, this is the place to be!

To read the latest edition click here - [Careermag - Parents - Careemap](#)

The Parent Perspective Podcast episode 4 is now LIVE.

This week, Rachel is joined by Anna Morrison, Founder and Director of Amazing Apprenticeships and Kasim Choudhry, Director of Thinkfest & Multicultural Apprenticeship Ambassador at the Skills Provider Pathway Group.

Set against the backdrop of National Inclusion Week, our speakers explore just some of the ways employers are doing

vital work to support diversity in the workplace.

Tune in to the latest episode to hear more - available **now** on all the usual channels, or by clicking [here](#)

Careers Unwrapped podcasts

Bring careers to life through honest and reflective stories showing what jobs look like in the real world!

[Careers Unwrapped](#) is a podcast series where accomplished industry

leaders share their career stories, advice and reflections to inform and inspire young people.

This includes Camilla Holden-Ayala on how she forged her own path into PR, Topie Chiedozi, who has years of experience running workshops in schools, prisons, community hubs, and many more!
